

playgroup for children who are deaf or hard of hearing
ages birth to five

Hand-N-Hand of Northeastern Wisconsin, Inc. offers children ages birth to five who are deaf & hard of hearing, their parents and families the opportunity to connect in a friendly environment that promotes language, early literacy, and social & emotional development.

Parents and children are encouraged to participate in play, songs, arts & crafts and stories.

Activities are presented using sign language and speech.

This is a great time for families who are just beginning to use sign language to practice their skills. While interacting with their children, parents also have the opportunity to chat with other parents and professionals associated with the Deaf community and relate experiences, learn about hearing loss, and discover resources. Fun and socialization awaits both the parents and their children!
